BATTLE FOR POSSESSION OF MATANG CONTINUES

Chinese Position Improves Following Capture Of Hsiangshan

JAPANESE ATTACKS REPULSED

Hankow, June 29. FIGHTING FOR THE POSSESSION OF MATANG, strategically important town which guards the Yangtze boom, is at present continuing, according to Chinese reports with neither side yielding any ground.

The Chinese position is believed to have shown slight improvement by the capture yesterday morning of Hsiangshan, resulting in the Chinese threatening the rear of the Japanese at Matang.

Under cover of aerial bombardment and a barrage from naval guns, Japanese troops are said to have landed yesterday at Luoyang, on the north bank of the Yangtze River, opposite Hsiangkou. Apparently, the object of this landing is to attack the Chinese force, on the north bank of the river, guarding the boom.

Budge defeated F. Puncce (Yugoslavia) by scores 6-2, 8-1, 6-4, while Austin beat Henner Henkel (Germany) also in three straight sets, winning by 6-2, 6-4, 6-0.

Miss Hoaching won by scores of 8-6, 4-6, 6-4.—(Reuter).

CLOUDBURSTS CAUSE DAMAGE IN JAPAN

Tokyo, June 29.

Inestimable damage has resulted throughout Japan from the series of cloudbursts that descended upon the country during the past several days. It is reported today.

The rivers have all overflowed their banks and extensive sections of rice-fields have been inundated and the crops ruined.

Over 100,000 houses have been swept away, the low-lying parts of Tokyo suffering particularly severe damage. Destruction of railway lines and telephone cables are reported throughout the country.

The number of casualties has not yet been ascertained although the total is believed to be very high.

A report from Yuhos-uka states that a schoolhouse there collapsed after the foundation was washed away and a large number of children killed.—(Transocean).

TYPHOON

The Royal Observatory reported at 5.25 p.m. yesterday that the typhoon was situated about 250 miles east of Oshima (Loochoos), moving north-north-east.

DISCUSSION OF SITUATION IN THE FAR EAST

British Interests In China

Tokyo, June 29.

Yesterday's conversation between the British Ambassador, Sir Robert Craigie, and Foreign Minister Ugaki was exclusively confined to discussion of the general situation in the Far East and of British interests in China, according to the Foreign Office spokesman who expressly denied today's reports circulated abroad that England and France had, either jointly or individually, made representations to the Japanese Government concerning eventual Japanese action in Hainan Island or elsewhere in South China.

The spokesman nevertheless admitted that any such action would be calculated to arouse uneasiness in London on account of its possible repercussions in Hong Kong and Singapore.—(Transocean).

TEN YEARS OF LOCAL BROADCASTING

Special Programme Marks ZBW's Birthday

Today, the Hong Kong Broadcasting Station is celebrating the 10th anniversary of the first regular broadcasting programmes from Hong Kong. Various experiments had been carried out prior to that by enthusiastic amateurs for example, the Y. M. C. A., Mr. Bob Sutherland and Mr. Jack Grenham, and experiments in transmission had been undertaken at the Government Wireless Station in 1927, but it was not until June, 1928 that a regular nightly programme was put on the air on a special transmitter then known as G. O. W.

The entire studio equipment consisted of a microphone and a gramophone, there were no such things as electric pick-ups then. No attempt of course could be made at providing the studio items which will be such a feature of today's programme.

This aroused a certain amount of interest and 124 licences were actually issued during the year 1928, but it was not until the following year that a Broadcasting Committee was appointed under the chairmanship of the then Postmaster-General, Mr. N. L. Smith. The station, if it can be called such, was removed from the Peak and taken down to the Post Office Building, and the first serious attempts at making a studio took shape there.

FIRST OFFICIAL SPEECH

By October 1929, sufficient advance had been made for an inaugural concert to be held at which His Excellency The Officer Administering the Government made the first speech over the air.

The licences for that year reached the astounding total of 545, and it may be that, many then resident in the Colony, this represented their first introduction to local broadcasting. But it is essential to remember the small seedling of 192 from which the present ever-growing tree of broadcasting has sprung. It is to record this and to pay honour to the foresight of those early enthusiasts that Z.B.W. today celebrates its 10th birthday. The programme of broadcasts appears on Page 13.

Terrorists Active In Tientsin

BOMB FOUND IN CUSTOMS HOUSE

Tientsin, June 29.

Indicating further activities of terrorists in the foreign Concessions here, a time bomb was planted in the Customs House in the French Concession yesterday.

The bomb is similar to the one which exploded in the Cathay Cinema on June 5.

The bomb was detected before it went off and the French police were summoned. The police severed the wires and rendered the bomb harmless.

The French police are investigating the wrappers in which the bomb was enclosed in an attempt to find a clue to the identity of the perpetrators of the outrage.—(Reuter).

ANTI-WAR AGITATION IN JAPAN

Demonstration By Students

Hankow, June 29.

A Tass report from Geneva quotes Le Libre as saying that anti-war and anti-Fascist agitation in Japan are growing as indicated in speeches and by pamphlets issued by university professors and students.

The paper added that there have been further arrests of educationists and students and that the police are keeping a close watch on the situation. Despite this precaution, the professors and students staged a demonstration recently.

Anti-war posters appeared on walls of business districts in Tokyo the Tass report added.—(International).

CHINA'S MILITARY STRENGTH REMAINS FIRM

Japan's Days Numbered As A Great Power

VIEWS OF OBSERVER

Hankow, June 29.

WHATEVER THE DURATION OR THE OUTCOME OF HER CHINA EXPEDITION, Japan's days may be numbered, as a Great Power in the military sense, and also as a dangerous competitor in the world markets. This belief was expressed by Mr. Edward A. Walden, of the London Daily Telegraph, in an article "The Outlook in the Far East," which was released through Agence Chekial.

Recently returned to London from a six months' visit to Shanghai, Nanking and Hankow, Mr. Walden said, "The Far Eastern conflict has cast one shadow already over Europe: the weakening of the aggressive power of the Berlin-Tokyo Anti-Comintern Pact. Japan could not now participate in a war against the Soviets."

HIS ARTICLE READS IN PART:

How long can China continue her resistance? Will she be able to conclude an honourable peace? Those are the burning questions in the Far Eastern conflict. Weighing up what I have observed I may answer with some assurance "She will."

The observer is confronted by two significant facts: First, a lack of clarity in Japan's political objectives, and a consequent inconsistency in her strategy; and, secondly, a failure in her principal military objective. Despite local victories and large territorial gains she has not succeeded in destroying Chiang Kai-shek's army.

This peculiar lack of unity of policy was as noticeable in the "pacific" campaign of 1934-1936 as it has been in the present phase of active warfare.

JAPANESE SHIPS HELD BY SOVIET

Espionage Alleged

Shanghai, June 29.

While the Koryu Maru incident is settled, three Japanese fishing boats which were found off Kamchatka on June 13 are still being detained by the Soviet authorities on suspicion that they are engaged in espionage activities, according to a Tokyo report.

The three boats are the Kisaki Maru, Tamoe Maru, and the Kotohira Maru.

The Soviet authorities are keeping a strict watch on Japanese fishing boats.—(International).

China's internal relations are harmonious. Her military strength, though weakened, is far from having been destroyed. A million men have been mobilised in Kwangsi, reputed to furnish the best soldiers in China, and fresh troops are training in Yunnan, Szechwan and Kwangtung. The "Communist" 8th Route Army is growing daily.

China, without abandoning frontal attack is successfully developing guerrilla warfare, harassing the Japanese in every direction from Guluyn in Inner Mongolia, to Hangchow, in Chekiang, and in close proximity to both Shanghai and Peiping.

Public opinion is no less powerful a force in China today than when it overthrew the Anfu clique or brought about the 1911 revolution. It may safely be asserted that no Government could stay in office for 48 hours after concluding a deal with the Japanese.

MANCHURIA

Merchants and industrialists have only to look at Manchuria to see what Japanese victory would mean to them. It is run by Japan on semi-socialist principles, closing the door to both Chinese and foreign enterprise. In the complete absence of foreign competition such industry as exists in the interior is flourishing; while the liberal policy of the Chinese Government Banks is helping the

Get rid of
Disfiguring
Blemishes
this
Easy Way

Nothing can be more distracting to a woman than ugly pimples, burning irritations or patches of blackheads or enlarged pores on the face or neck. Some resort to heavy powdering in an effort to hide them; whilst others cause the skin to become muddy-looking, coarse and blemished by using the wrong treatment.

To make your skin clear and healthy, to cleanse clogged facial pores, remove blackheads and pimples and to make your complexion clearer and smoother, use Cuticura.

Cleanse the skin with Cuticura Soap twice a day. Its luxuriant and mildly antiseptic lather is soothing and softening; washes away pore-deep dirt which causes blackheads, enlarged pores and ugly complexion defects.

To rid the skin of pimples, skin outbreaks, rashes or irritations use Cuticura Ointment direct on the affected part before washing with the soap. Its antiseptic action kills germs, soothes and heals and quickly clears the skin.

Near-Fatal Assault

FISHMONGER AND CUSTOMER IN DISPUTE

Cheng Tung, an unlicensed fishmonger, was sentenced to two months' hard labour by Mr. Butters at Central Court yesterday when he was convicted on the charge of assault on Mok Fun, a widow, and causing her bodily harm which nearly resulted in her losing her life.

Det.-Inspector W. N. Darkin was in charge of the prosecution, and it was stated that on June 9 complainant went to the defendant's stall to buy fish. Defendant wanted seven cents for a quantity of fish but was only offered four cents by the complainant. Finally this price was agreed upon and when complainant tendered a five-cent piece defendant, according to complainant, refused to give the one cent change to her.

An argument arose, during the course of which defendant pushed Mok Fun, caused her to fall to the ground, and also struck her twice.

SPLEEN REMOVED

An Indian constable was called and took both to the police station. Corroborative evidence was given by Yeung Mui, who accompanied complainant to market and who witnessed the assault.

Mok was conveyed to the Queen Mary Hospital where upon medical examination, it was found that she suffered a rupture of the spleen.

Dr. G. H. Thomas, who attended the woman, said in evidence that an immediate operation was necessary. Mok Fun had her spleen removed, and was confined to hospital till Tuesday.

Inspector Darkin asked Mr. Butters to take a serious view of the case, saying that the incident might have had more serious consequences. "Only the skill of Dr. Thomas saved Mok's life," said the Inspector.

SENT TO HOUSE OF DETENTION

George S. Astaff, 21, mechanic, was committed to the House of Detention yesterday by Mr. Lockhart-Smith, at the Central Court, when he pleaded guilty to the charge of entering the Colony without a valid passport and being a vagrant.

Defendant arrived from Hankow on Tuesday.

POSSESSION OF OPIUM

Appearing before Mr. Lockhart-Smith at the Central Court yesterday, a 26-year-old widow, Tsai Mui, was charged with possession of raw and prepared opium at No. 1, Hing Lung Street, 2nd floor.

A fine of \$560 or three months' hard labour was imposed on the first charge and \$900 or another three months' on the second charge.

BOY'S HEAD OPENED IN HALVES TO ENABLE BRAIN TO GROW

One of the rarest operations in history has taken place at Washington, where a surgeon has split in halves the skull of a 30-month-old boy and wedged it apart to enable his brain to grow, and thus prevent lifelong idleness.

The child is the victim of microcephalia, which is caused either because the brain fails to grow or because the skull itself stops growing, thus

NAVAL OFFICER ON DRINK CHARGE

Had To Repeat A Tongue-Twister

Allegations that a naval officer became drunk after taking a party of men to church were made at a court-martial at Devonport recently.

James Henry Fry, aged 47, commissioned boatswain in the aircraft carrier Furious, was accused. It was alleged: "That at about 11 a.m. on Sunday, June 5, he returned on board the Furious drunk from duty as officer in charge of the Roman Catholic Church parties."

It was stated in the circumstantial letter that when he left his ship at 8.25 a.m. he was sober. Just before 10 a.m. he marched the party back to the Royal Naval Barracks and then appeared normal.

At 10.30 he had a double whisky in the warrant officers' mess, and about 10.40 was seen by a policeman, who noticed that he was staggering and, thinking he was ill, accompanied him to the Furious.

His approach to the ship was seen by the duty lieutenant-commander, who sent for him. He failed to appear and was found in a stupefied condition in his cabin. At 12.50 he was examined by a doctor, who formed the opinion that he was in a partial stupor caused by alcohol.

SLAPPED HIS FACE

Evidence was given by John Cumming, a gunner, who described the tests which Fry had to carry out. He said that Fry was told to stand up, place his feet together, close his eyes and stretch out his hands.

He was then told to repeat, "Around the rugged rocks the ragged rascal ran."

Mr. W. E. J. Major (for Fry).—How did he say that tongue-twister?—He said it perfectly in my opinion.

Did he do the other things the medical officer asked him to do?—Yes.

Surgeon-commander F. E. Fitzmaurice, who examined Fry, said that he was asleep in his chair.

"I could not waken him by shouting and had to slap his face," he said. "I asked him to stand up and he swayed as he was getting up."

"I WAS WORRIED"

Surgeon-commander Fitzmaurice said that he examined the pupils of Fry's eyes, and found nothing abnormal. He examined his coordination, his pulse and his reflexes, and could find nothing abnormal.

His breath smelt of alcohol. That was why he came to the conclusion that he was suffering from the effects of alcohol.

Replying to Mr. Major, he agreed that shock or a nervous disturbance could produce similar symptoms to those from the excessive consumption of alcohol.

Fry, giving evidence, said that after marching the church party back into the barracks he was spoken to by the Officer of the Day for not halting the party when the "Still" was sounded.

"I told him that I did not hear the 'Still' and I was very worried because he told me I had held up the Commander-in-Chief," he said.

"I had a whisky because I was worried and feeling ill, and wanted a stimulant. On leaving the mess I can remember nothing more."

Fry was found guilty and was sentenced to be severely reprimanded.

NO REOPENING OF CONSULATE

Mr. R. A. Butler, Under-Secretary for Foreign Affairs, declared in the House of Commons yesterday that it was not contemplated at present to approach Moscow to permit re-opening of the British Consulate in Leningrad. (Transocean).

KOWLOON CRIME

Double Tragedy In Keelung Street

Special police and reserves were called out yesterday after a savage attack resulting in the deaths of Li Wu-han, 46, married woman, and Wu Yui-ah 59, accountant. They had been attacked by a man carrying two meat choppers about 3.30 a.m. yesterday morning in Keelung Street, off Nathan Road.

Two girls, Lai Sul-ha and Lai Sul-so, aged 18 and 19 respectively, were seriously injured and removed to hospital.

Police are looking for a man named Lee Wah-hing, alias Francisco Lay, believed to be a Mexican Chinese, and the son of the dead woman and a nephew of the dead accountant.

The two injured girls are his sisters.

The scene of the alleged attack was the Lai Sun Knitting Company in Keelung Street.

When Police made their investigations yesterday, the walls of the room where the incident took place were bespattered with blood and pools of blood were seen on the concrete floor of the room.

Two meat choppers are alleged to have been used by the assailant, who had already made his getaway shortly after the outrage when nearby residents came on the scene.

Detective-Inspectors A. E. Carey, C. R. Rozewsky, and Sgt. F. Nolan are in charge of investigations.

HEAVY FINE ON CONTRACTORS

A fine of \$250 was imposed by Mr. Macfadyen at the Kowloon Court yesterday on Messrs. Raman & Co., works contractors of No. 19 Hennessy Road, for having carried out building work at New Kowloon Inland Lot No. 2273, Nga Tsim Long Road, not in accordance with plans approved by the Building Authority.

Steel reinforcement bars for a cantilevered canopy at roof level had been placed at the bottom of a slab instead of the top, as specified.

CLEARING AGREEMENT RATIFIED

The clearing agreement between Germany and Holland of December 18, 1937 has now been ratified, according to an announcement of the Dutch Foreign Office.

The agreement takes effect retrogressively from January 1, 1938 and applies to the Netherlands Dutch East Indies, Surinam and Curacao. (Transocean).

AUSTRALIANS WIN AT LORD'S

Fleetwood-Smith Takes Seven Wickets

By 4.20 on a recent afternoon the Australians had won yet another match and had beaten the Gentlemen of England at Lord's by 282 runs. The Gentlemen's batting in the second innings was deplorable, and, although the pitch did something to help him, L. O'B. Fleetwood-Smith never should have been allowed to come out with the figures 14-1-44-7.

The cricket in the heat and sunshine of the morning was hardly inspiring. In the first hour only 60 runs were scored, which is all very well for the first morning of a match but is hardly suitable for a side nearly 300 runs on and with a declaration the only possible way of winning the match.

The pitch was easy enough and the Gentlemen's bowling not so difficult that it forbade a side which had nothing to lose from going out to hit it often and hit it violently.

C. L. Badcock scored a 4 down to long-leg off D. H. Macindoe, and when J. W. A. Stephenson came on at the Nursery end M. G. Waite drove him through the covers twice to the boundary.

Badcock, as always, recognized the ball short of a length when he saw it, and Macindoe, who had a longish spell at the Pavilion end, felt the punishing force of his hook-stroke, but the game was stagnant. With the score at 272 Waite played a ball to mid-wicket and ran up the pitch, but Badcock did not move and the removing of the balls was a mere formality.

S. J. McCabe hit one majestic 4 to long-on and then was caught low down at second slip—at last the note of authentic cricket had been struck.

Badcock continued to show his short-armed strokes, which are a tribute to the strength of his forearms, and reached his hundred but the state of the game demanded an earlier declaration than that which at luncheon set the Gentlemen 432 runs to make in three hours.

THE GAME COMES TO LIFE

The game came back to life with a vengeance with the first overs after luncheon. With only one run on the board McCabe knocked D. R. Wilcox's middle stump out of the ground, and, in the same over, R. E. S. Wyatt, after playing a ball off his legs for 2, played forward too soon and was caught at mid-off.

P. A. Gibb proceeded to play as though he regarded those failures not with alarm but with astonishment; he looked confident, played the ball late and a short-armed forcing stroke which sent a ball from Waite wide of mid-on for 4 showed that he at any rate was not going to acquiesce in the idea that his side was as good as beaten.

F. G. H. Chalk stayed with him until the total was 33, then Fleet-

ENTERTAINING SUPPERS

For Friendly "At Home"

Friends who drop in for a game of cards or a little music and talk will appreciate these unusual savoury suppers.

They're easy to prepare, so that you won't be long away from your guests, and they have just that difference in flavour which will make them liked.

PRUNE AND TOMATO

Here's an unusual one to begin with.

Cook five soaked prunes with two or three tomatoes in a little cooking fat until soft, then remove the prune stones.

Stir in a small grated onion, a chopped apple, and the juice of half a lemon, and season.

Spread on buttered toast, cover with grated cheese, and place under the grill to brown.

BANANA AND SAUSAGE

This tastes surprisingly good, although the combination is unusual. Mix a cupful of cooked sausage meat with two mashed bananas, season with a pinch of powdered sage, salt, and pepper.

Saute in a frying-pan in a little butter, then serve on toast.

HERRING A LA FRANCAISE

Fileted herring (your fishmonger will fillet the fish for you if you ask him) with the roes, makes a flavoured supper dish.

Wash the roes, and season the fillets with salt, pepper, a dash of nutmeg and a little lemon juice. Sprinkle with finely minced parsley.

Roll up the fillets, putting the roes inside. Wrap each in buttered paper, set in a greased baking dish and bake in a moderate oven till the pepper puffs out. Remove paper and serve.

TOMATO AND MUSHROOM

Another tasty "on toast" recipe. Skin and slice 1 lb. tomatoes, peel four mushrooms. Cook the mushrooms for seven minutes in 3oz. margarine. Add the tomatoes and a tablespoonful of cream from the top of the milk. Simmer until cooked.

Pour on to buttered toast, or fried bread; sprinkle with parsley.

SAUSAGE MUFFS

An appetising way of serving sausages and mashed potatoes.

Ingredients: 1 lb. pork sausages, or sausage meat. Flour, egg and breadcrumbs for frying 6 rashers of bacon. Mashed potatoes. Apple sauce. Divide the sausage meat into twelve equal portions and form into cork shapes. Dust each with flour, brush over with beaten egg and roll in breadcrumbs.

Lower into deep Cooker and fry until a golden brown. Drain on grease-proof paper and keep hot.

Cut each rasher into two, roll up and fry until crisp in their own fat.

Have ready hot mashed potatoes and pile up in the centre of a dish, arranging the sausages and bacon around, with a sprig of parsley on the top. Serve with apple sauce.

APPLE SAUCE

To make the apple sauce, peel, core and cut up 1 lb. apples and place in a saucepan with 3oz. sugar, 1oz. margarine and 2 tablespoonfuls water.

Simmer very gently until tender. Before serving pass through a sieve or mash with a fork.

MUSHROOM PATTIES

These are appetising served hot. Stew some peeled mushrooms in a little milk and water until tender, then chop them up with a hard-boiled egg and a little parsley. Moisten with thick gravy and season with salt and pepper.

Line some small patty tins with short crust, and when the mushroom mixture is cold, put a little into each tin. Garnish with a ring of hard-boiled egg, sprinkle with chopped parsley, then bake in a hot oven for ten minutes.

SHORTCRUST

Here is a recipe for shortcrust for tarts and pies.

Ingredients: 1 lb. flour, 4oz. suet, a pinch of salt, 1 heaped teaspoonful of baking powder.

Method: Sieve the flour, baking powder and salt, melt the suet, and when hot pour into the flour and stir well in. Add about 1 teacupful of water and mix well to a firm paste and roll out before it gets cold.

More or less water may be required according to the flour. If made too moist, it loses its shortness. Flour the board and roll lightly and evenly.

Heat the oven, and cook in a very hot oven for 30 minutes, according to the thickness of the crust.

HONEY AND GINGER CAKE

Honey and ginger make a pleasant change for a cake for tea.

Ingredients: 1 lb. flour, 4oz. sugar, 1 pint of honey, a pinch of ground ginger, ground cinnamon and cloves, one egg and 1 1/2 teaspoonfuls of baking powder.

Method: Heat the honey and sugar slowly together, stir in the ginger, cinnamon and cloves, then remove from the fire, and pour into the sieved flour and baking powder. Add the beaten egg, mix well, pour into a fairly shallow lined tin and bake in a slow oven.

DRESSED CRAB

You may bring a crab home with you, or perhaps a lobster.

Choose medium-sized crabs that are heavy. If they rattle when shaken they will be not of the best for eating. Crabs should have rough claws, the eyes should be bright, and a bright red in colour.

For dressed crab, empty the shells and mix the meat with one and a half tablespoonfuls of salad oil, 2 tablespoonfuls vinegar, salt, pepper and cayenne. Add a little mayonnaise and the sieved yolk of an egg. Clean the shell, put in the mixture, garnish with chopped parsley and a slice of lemon. Serve with bread and butter.

ROAST DUCKLING

To roast a duckling, pick, draw, and singe the bird well. Take off the head and dip the feet in boiling water to draw off the outer yellow skin. Truss it neatly, turning the feet flat upon the back. Stuff it and tie the skin of the neck tightly to prevent the gravy from running out. Paper the breast for a short time; it will not require as much basting as a fowl as it is naturally full of fat. It should take nearly an hour to roast, and be served with a good sweet apple sauce. For the stuffing, cut four onions into slices and then chop them up finely with about twenty-four leaves of sage,

VEGETABLES

Serving vegetables in an attractive form is an important part of cookery because of the value of vegetables in the diet. They add the necessary bulk, some contain energy yielding material, some furnish tissue building material, but their greatest value lies in their rich mineral and vitamin content, both of which are essential for growth and for health. Doctors and dietitians advise the daily serving of at least two vegetables besides potato, one of these to be served in the raw form, as in a salad.

In order to prevent loss of minerals and destruction of vitamins it is best to cook the vegetables in the shortest time possible and in a small amount of water. Since the water in which vegetables are cooked or canned is rich in minerals it should never be discarded. It can be used for soups and for creaming the vegetables.

Dear Sirs,
I have been suffering from Rheumatism and Rheumatoid Arthritis for 12 to 14 years. I have taken a course of your 'ASPRO' Tablets—three after each meal—and often, when in pain, have taken an extra dose before going to bed.
I obtained very great relief from this treatment; in fact, I do not know how I could have continued to move about without 'ASPRO'. The pain has gradually improved, and now I find I need to take 'ASPRO' only occasionally. I can confidently recommend 'ASPRO' to all sufferers from rheumatism. (Sgd.) A. H. BURNS.

CANTON MAKES PREPARATIONS FOR JULY 7

Anniversary Of Hostilities To Be Observed

Canton, June 29.
Canton is making preparations to join other cities in the country to observe the first anniversary of the Sino-Japanese hostilities on July 7.

An elaborate programme has been drawn up by the local Association for the Support of Armed Resistance Against Japan.

Memorial services for the fallen heroes and civilian victims in the war will be held in public squares in the city that day, and at noon a three-minute silence will be observed by all Chinese citizens.

FLAGS AT HALF-MAST

All national flags in the city will be flown at half-mast, and all amusements will be suspended. The people will be urged to take vegetable diet for one day. The money saved will be contributed as "comfort funds" for the Chinese soldiers.

Representatives from various organisations will visit and "comfort" the families of soldiers who are at the front.

PAPER BUYS BOOK

THE Sunday Pictorial has bought the rights for the serialisation of Compton Mackenzie's book, The Windsor Tapestry, which deals with the abdication of King Edward VIII, now Duke of Windsor. The paper has forwarded Mr. Mackenzie a cheque for £5000, but it does not intend to publish the work.

ON DUKE—NOT FOR PUBLICATION

"This is not so much a defence of the Duke of Windsor as an attack on the House of Hanover from the reign of George I to the inception of the reign of George V," the paper adds.

The Sunday Pictorial says that it knew the book was designed to crush the case of the former King's critics.

FOR PUBLICATION

Installments have arrived from Mr. Mackenzie showing that he savagely attacked Earl Baldwin, challenged the Archbishop of Canterbury (Dr. Lang) and analysed the performances of a host of personalities, but with the section entitled Heritage, the book became a criticism of the Duke's ancestors.

REMAINED AT POST TO THE LAST

Hankow, June 29.
The Executive Yuan has decided to confer posthumous honours on the late Mr. Meng Ju-kwei, Director of the Telegraph Office of Pingyao in Central Shansi, who executed his duties to the last minute, and committed suicide when the Japanese entered the city.

Mrs. Meng also hanged herself after the death of her husband.

Apart from granting a pension to the family of the deceased, the Executive Yuan will issue a mandate commending the bravery and patriotism of the couple. (Central News).

The foundation of a monument for the war dead will be laid. (Central News).

REORGANISATION IN SHENSI

NEW PROVINCIAL AUTHORITIES

Hankow, June 29.
Reorganisation of the Shensi Provincial Government was announced by the Executive Yuan yesterday.

Besides General Chiang Tingwen, who was recently named Chairman of the Provincial Government, the following were appointed new members:

Mr. Peng Chao-hsien, Commissioner of Civil Affairs; Mr. Wang Tsh-po, Commissioner of Finance; Mr. Chow Po-min, Commissioner of Reconstruction; Mr. Lei Po-hua, Commissioner of Education; Messrs. Wang Chung-shan, Tu Ping-cheng, Lei Kung-chi and Chang Ching, members. (Central News).

OPIUM SUPPRESSION IN CHINA

Dr. K. T. Chung addressed Hankow Rotarians last week on a subject on which he is probably the most expert here, namely, Opium Suppression in China. In his talk, which was listened to with great interest by all present, he went into the history of the growth of the opium evil in this country and the tremendous uphill fight there has been to eradicate it.

The Great War, Dr. Chung stated, brought about a great setback to the progress of the anti-opium campaign but at various dates since then it has received stimulus and assistance both internally and from abroad.

The speaker places great faith in the support of the League of Nations and called attention to the great work done by the Generalissimo in this connection.

ENGLAND-AUSTRALIAN ALL-UP MAIL

Flying Boats Make Good Progress

Karachi, June 29.
The flying boat Cordelia, which, with the Camilla, is inaugurating the new all-up air mail service between England and Australia, arrived at Karachi yesterday on schedule.

It was originally planned that one of the Australian Qantas-Imperial Airways flying boats, sister-ships to the Imperial Airways ships, should pick up the mail at Singapore, but it has now been decided that the Cordelia will continue through to Sydney.

The Camilla will proceed as far as Singapore, and from there will inaugurate the shuttle service with Qantas-Imperial ships from Sydney.

The Cordelia is carrying a British and an Australian journalist. (Reuter).

Dr. Chung also referred to the sad growth of sales of narcotics generally in Japanese occupied territory.

AMERICAN LADIES AT COURT

Ambassador's Decision On Presentations

The American Ambassador has decided that presentations to Court made by him ought to be confined to the families of American officials in Britain and to members of the immediate families of those Americans domiciled in Britain.

This decision is conveyed in a letter Mr. Kennedy has addressed to Senator Cabot Lodge. It is as follows:—

I find that before my arrival there had been correspondence with you regarding the presentation at Court this year of a young lady from our State. There is, as you know, a very large number of applications each year, coming from all parts of the United States, as well as from Americans residing abroad. It is not possible to meet the wishes of all these applicants, as the number of presentations which any Ambassador is allowed to make at Court is necessarily limited by the rules and regulations of the Court itself. For many years this Embassy has had the privilege of presenting between 20 and 30 American ladies each year, and the Court is still disposed to receive as many American ladies as in the past.

SMALL NUMBER FROM A LONG LIST

The number of American ladies presented, however, has on the average been twice as great as the number of ladies presented by all the other diplomatic missions together. The American Ambassador is, nevertheless, put in the

distasteful position of having to choose a small number of ladies from a long list, very few, if any, of whom he has ever seen. This practice, it seems to me, is undemocratic in that the invidious choice can have in large part no basis other than the pressure of recommendations behind the individual applicants, or pure chance. A large number of equally worthy ladies are disappointed, and in many cases feel that they have been unfairly treated. It is impossible to make this choice from among the applicants on any basis of real fairness.

I have accordingly come to the conclusion that the presentations made by the American Ambassador in London ought to be confined to the families of American officials in this country and to members of the immediate families of those Americans who are not merely visiting England, but are domiciled here for reasons which would justify the Ambassador in supporting their applications.

I regret, therefore, that I cannot meet your request. You understand, I am sure, my feeling on this whole question of presenting American ladies at Court here. I cannot see that it serves any useful purpose for either one of the two countries, and in my view, the practice should cease.

ROYAL AIR FORCE

AIR DEFENCE CADET SCHEME

Squadron Leader H. W. Woollett, D.S.O., M.C., who has been appointed by the Air League of the British Empire as area organizer for London of the newly formed Air Defence Cadet Corps and assistant to Air Commodore Chamler for the whole cadet scheme, served with the R.F.C. and R.A.F. from 1916 to 1932.

The air cadet scheme aims at training youths between the ages of 14 and 18 to perform useful tasks on aerodromes, in air raid precautions, and possibly in connection with balloon barrage units and the Observer Corps. An initial grant of £200 towards the cost of administration was included in the Air Estimates in February, and a fund to raise £25,000 to cover the cost of the central organization during the three pioneer years has been started by the Air League.

She unlocked the doors of the hall with an ordinary steel key.

Blowfly Costs Millions

LOSSES in wool and sheep caused by the blowfly may cost Australia as much as £3,856,000 a year if proved losses on properties investigated in New South Wales can be taken as the average, states Mr. M. He quotes book figures obtained by Dr. H. G. Belschener,

1,600 SHANGHAI BABIES FACE STARVATION

Council's Appeal For Relief

Sixteen hundred babies born in Shanghai refugee camps during the past four months are threatened with death by starvation and disease. Colonel Theodore Roosevelt, Jr., national chairman of the United Council for Civilian Relief in China, asserted recently following receipt of dispatches from Mrs. E. F. Henry, Southern Methodist Church relief leader, in Shanghai.

Mrs. Henry reported that the 1,600 infants and thousands of other Chinese children are receiving only the barest sustenance owing to the lack of food. Colonel Roosevelt said, as he speeded up plans for the National Bowl of Rice Parties to be held on June 17 to aid destitute Chinese civilians.

"Our relief funds are diminishing rapidly and we are able to permit only the smallest rations to thousands of children," said Mrs. Henry's cable to Colonel Roosevelt. "Most of the adult refugees are subsisting on thistles, poplar buds and blue clay mixed with leaves. Conditions are much worse than in the 1921 famine."

"The summer conditions in most maternity centres are appalling," Mrs. Henry reported. "There is insufficient pure water for any purpose and milk—a luxury—spoils almost as soon as received. The heat is dreadful, and we are hampered by lack of medicine and sanitation equipment. We must have quick help from Americans if we are to save the lives of millions of these innocent victims of Japanese invasion."

FISH MAKE DRAMA

Although Paramount's *Spawn of the North* contains a number of first class players, fish are mainly responsible for its drama.

The story concerns the great Alaskan salmon fishing industry, and draws a great deal of its incident and excitement from the piracy and trade wars which go on in it.

George Raft and Dorothy Lamour are the final occupants of leading

roles for which, from time to time, many stars have been mentioned. Carole Lombard, Gary Cooper and Fred MacMurray are only three who, for various reasons have not been able to play in the picture.

Other important roles are filled by John Barrymore, who has another meaty character part; Louise Platt, who made a hit in *I Met My Love Again*; Akim Tamiroff and Yvonne Overman. Henry Hathaway is directing.

MUSICAL COMEDY WITH REAL PLOT

With a sparkling cast headed by Irene Dunne and Douglas Fairbanks Jr., "Joy of Living" presents a brand new theme for a comedy with music.

"Joy of Living" deals with the pursuit of happiness, a plan for which is presented in a light-hearted treatment. Two contrasting characters a popular musical comedy star who, thanks to the demands of her selfish family, is constantly in debt; and a forthright sort of playboy are the principals in the picture.

Certain that her parents and her sister love her in spite of their expensive habits, the star indignantly quarrels with the young man when he urges her to let the relatives shift for themselves, and learn how to have a good time before it is too late.

Miss Dunne's talents as a singer and comedienne are fully used in her role, said to give her the finest opportunities to date. Douglas Fairbanks, Jr. is ideally cast as the unconventional, pleasure-seeker whose campaign to bring happiness into the heroine's life is a stormy one. In the supporting cast are Alice Brady, Guy Kibbee, Jean Dixon, Eric Blore, Lucille Ball and Warren Hymer. Directed by Tay Garnett in his own production for RKO Radio from a script by Gene Towne, Graham Baker and Allan Scott.

"Joy of Living" opens at the Queen's Theatre early July.

LORETTA YOUNG KEPT BUSY

Loretta Young is so busy these days that she seems to step straight out of one picture into another. Three Blind Mice is the latest one into which she has stepped.

This Twentieth Century-Fox picture concerns the adventures of three girls who run a farm, receive a small legacy and decide to risk all on a visit to the Riviera, in search of wealthy but pleasant husbands.

The other two girls are being played by Pauline Moore and Marjorie Weaver, who continues to get breaks on account of her bright showing in *Second Honeymoon*. Joel McCrea is chief of the young men whom the girls meet in their quest. David Niven is another. Stuart Erwin plays a typical Erwin character as a barman in whose domain quite a bit of the action takes place.

Irene Dunne Ready to Roll

In preparation for a hilarious roller skate scene in "Joy of Living," Irene Dunne has her skates adjusted. Miss Dunne enacts hair-raising thrills in this sequence of the film, which is the next change at the Queen's Theatre.

THE THINGS THEY SAY

I don't know a single glamorous woman in Hollywood who's had a square meal in year.—Madge Evans.

"Some people have accused us of being actual psychopathic cases. We'll be doing all right as long as they continue thinking that."—Harry Ritz, of the Ritz Brothers.

"Give the studio cameramen credit. They make us actresses glamorous. With a few lights and shadows they could turn all of Grimm's witches into fairy princesses."—Loretta Young.

"Hollywood is a place where producers are afraid to thank their lucky stars for fear they'll ask for bigger and better contracts."—Richard Arlen.

"I guess glamour is all right for some people, but I'm afraid I couldn't stand the strain."—Una Merkel.

"I want to make one more picture. I want to talk. And sing. And I want that to be my swan song."—Charles Chaplin.

"I've seen Greta Garbo rolling on the floor for a full half-hour just to limber up her muscles for a big scene."—Albertina Rasch, M-G-M Dance Director.

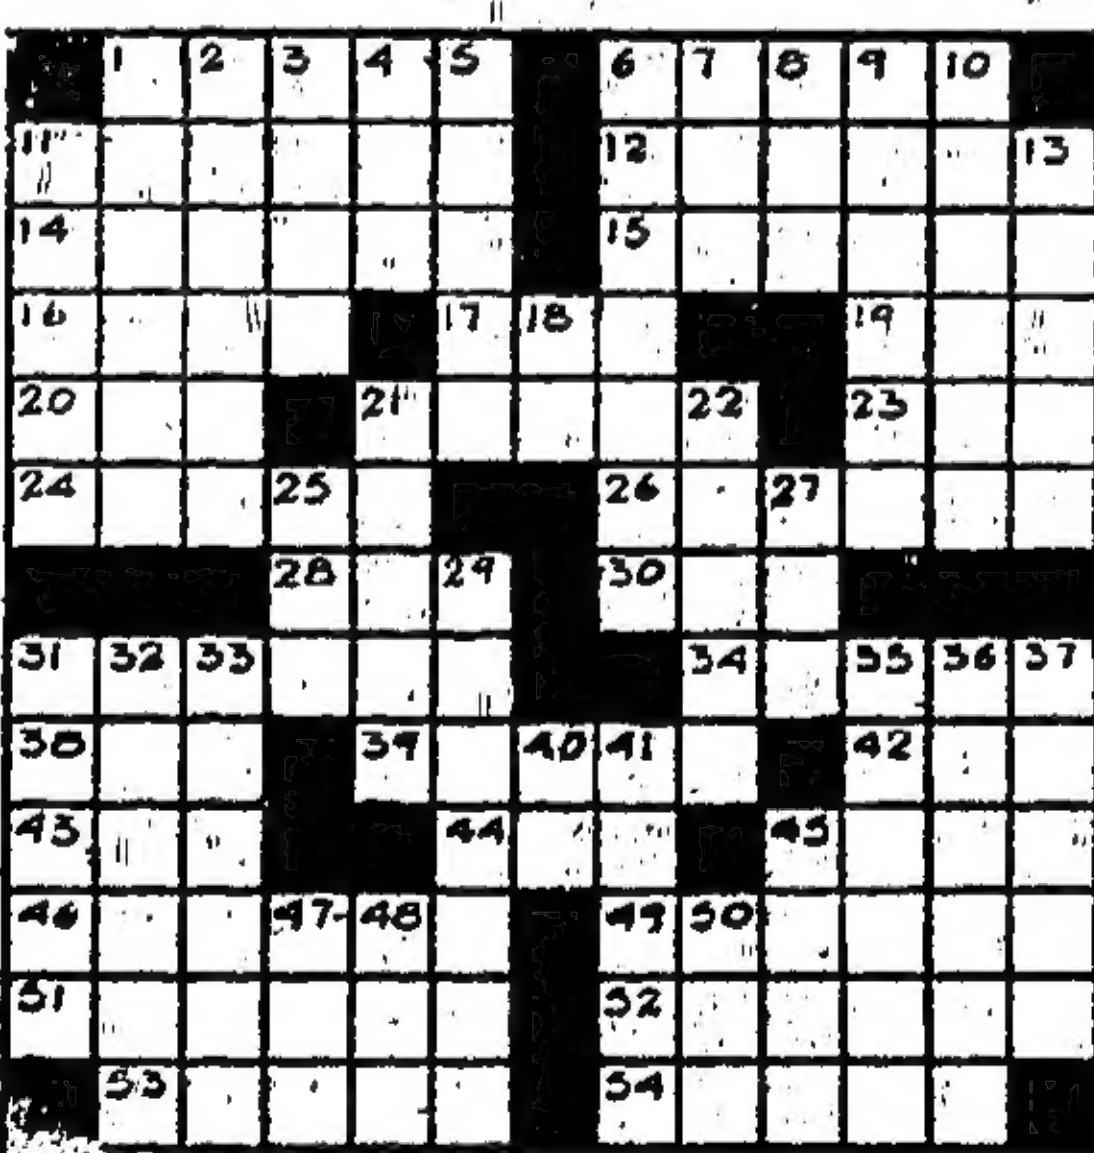

WHO TOLD YOU THAT?

Leaning from a window, a woman gave a youth a parcel saying:—
"Will you put this on a bus for me, please?"
"Certainly, but which bus?" he asked.
"Oh, any bus will do. It's my husband's lunch and he works at the lost property office."

THE TEXANS

Randolph Scott As Pioneering Hero

Paramount, those specialists in the large-scale Western, who have recently given us *The Plainsman* and *Wells Fargo*, are now embarking upon another as spectacularly conceived and as sweeping in subject. The new film is *The Texans*, a period is roughly the time of the American Civil War, but that conflict is only incidental. It is more closely concerned with cattle wars and the growth of ranching as an industry. In fact, in many ways, it is a kind of cavalcade of Texas, the early days of which were some of the most troubled and exciting in American history.

Randolph Scott plays the fighting, scouting, pioneering hero, and Joan Bennett is the girl he loves. Robert Barrat has a prominent part as a big man of the cattle country. The cast contains a large number of highly efficient supporting players, including May Robson, Walter Brennan and Robert Cummings. The director is James Hogan, whose first really big picture the film is.

FOOT ITCH

Athlete's Foot

According to the Government Health Bulletin, No. 1-23, at least 50% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form, and the skin cracks and peels. After a while, the itching becomes intense, and you feel as though you would like to scratch off all the skin.

BEWARE OF IT SPREADING

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because it is very contagious and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salves or ointments seldom do any good.

HERE'S HOW TO TREAT IT

The germ that causes the disease is known as Tinea Trichophyton. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 15 minutes of boiling to kill the germ; so you can see why ordinary remedies are unsuccessful.

H. F. was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just paint the affected parts. It peels off the tissue of the skin where the germ breeds.

ITCHING STOPS IMMEDIATELY

As soon as you apply H. F. you will find that the itching is immediately relieved. You should paint the infected parts with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief, especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

EXPENSE OF WITHDRAWAL OF VOLUNTEERS FROM SPAIN

SOVIET AIRMEN SUCCESSFUL

Moscow, June 29. The Soviet airmen, Kokkinaki and Briandinsky, who took off from Moscow at 8.36 a.m. on Monday on a non-stop flight to Vladivostok, completed the 4,375 miles trip in 24 hours.—(Reuter).

RIOTING IN KAUNAS

LITHUANIANS AND GERMANS CLASH

Kaunas, June 29. Serious rioting occurred in Memel last night following the action of the crew of a Lithuanian steamer in turning fire hoses on 7,000 Germans, singing Nazi songs, who assembled to greet the arrival of a German steamer.

Two hours' street fighting ensued, the combatants employing sticks, stones and other missiles.

A German youth was killed and 50 persons, including several women, were injured. The Nazis smashed the windows of the synagogue and Lithuanian buildings, while the Memel police looked on inactive.

Lithuanian police eventually fired warning shots to disperse the crowd. The streets were later closed by order.—(Reuter).

SURPRISE ATTACK NEAR QUINSAN

Shao-shan, June 29. Chinese guerrilla units recently staged a surprise attack on the Japanese at Luchiapang station, 15 kilometres to the east of Quinsan, on the Nanking-Shanghai Railway.

The Japanese were routed and forced to retreat into Quinsan city. The Chinese suffered no casualties.

Three Japanese trucks loaded with ammunition, which were moving towards Linping, northeast of Hangchow, on the Shanghai-Hangchow Railway, was recently waylaid by Chinese plainclothes men. The vehicles were all damaged and a number of Japanese guards were killed.—(Central News).

SOVIET SUGGESTION TO NON-INTERVENTION SUB-COMMITTEE

London, June 29. The Soviet representative suggested at yesterday's meeting of the Non-Intervention Sub-Committee that each of the five 'great Powers' should bear one-sixth of the expense of organising the evacuation of volunteers from Spain and maintaining control officers at Spanish ports, while other members of the Committee should jointly bear the remaining sixth of the cost.

He also suggested that the Spanish Government as well as General Franco should bear the expense of maintaining the volunteers prior to their repatriation, while the expense of transportation from Spain should be borne by the governments concerned in proportion to the number of their respective nationals. The representatives of Britain, France, Italy and Germany stated

that their Governments were prepared to pay a quarter of the sum that might be required to provide the total needed, after payment of the Soviet contribution.—(Reuter).

ROME CONFERENCE

Rome, June 29. Lord Perth, the British Ambassador, called on Count Ciano, Italian Foreign Minister, yesterday.

It is believed that they discussed the latest developments in the attempt of Britain and Italy to find a rapid solution to the Spanish problem, including enforcement of the British scheme for withdrawal of volunteers.

It is understood that the bombing of British ships in Spanish waters was also discussed.—(Reuter).

NO REPLY RECEIVED

London, June 29.

The Prime Minister told the Opposition Leader in the House of Commons yesterday that no reply had yet been received from the Spanish Insurgent authorities regarding the bombing of British ships, but he said a further communication had been sent to Sir Ralph Hodgson, British Agent, instructing him to press for a reply forthwith in order that he might return to London without delay.—(British Wireless).

CLASH IN BELGIAN CHAMBER

Brussels, June 29.

A clash occurred between the Rexist and Government supporters in the Belgian Chamber yesterday when M. Jaspars, one of the Liberal Deputies, endeavoured to induce the Government to take action against the Rexist Party organ for having sought to inflame public feeling against M. Paul van Zeeland, the former Belgian Premier. M. Pholien, Minister for Justice, declared that no legal action could be taken for the alleged offence.

It was finally decided to introduce a motion designed to give the Government the necessary powers for dealing with the problem of newspaper attacks.—(Transocean).

LAUNCH CHARTER CLAIM HEARING RESUMED

When the Launch Charter Claim case was resumed before the Acting Chief Justice, Mr. Justice E. H. Williams, in Summary Court yesterday, Mr. O. E. C. Marton, of Deacons, defending solicitor, successfully asked that the claim in respect of the launch Lee Tai be dismissed, on the ground that it had not been substantiated.

It will be recalled that Lam Hing and So Lo-chai claimed \$507 from the Lu Foo Kee, and Lu Foo and Lu Kam-tin, partners therein, as hire money due and payable in respect of the charter of the steam launch Lee Tai. Mr. C. A. S. Russ appeared for plaintiffs.

The claim, the defence alleges, was a fake, the facts being that Lu Kam-tin, who was the son of Lu Foo, owed So Lo-chai a gambling debt and that it was in an attempt to collect this debt that the younger Lu had been induced by some degree of threat or force to sign a document purporting to show that certain work had been done by plaintiffs' firm when in fact such work had not been done. The claim in respect of the Lee Tai being dismissed, the court proceeded with the claim in respect of the hiring of the Tung Yick.

SON NOT A PARTNER

Mr. Marton put Lu Foo in the box, where he stated that his son had never been employed by him in any capacity other than an apprentice and was not a partner in the firm of Lu Foo Kee. The first he knew of the claim was when So Lo-chai and Wong Shing had gone to him with bills which they asked him to pay. This he had refused to do.

In reply to Mr. Russ Lu said the claim was a fake.

Lu Kam-tin said in evidence that after leaving King's College he was apprenticed to his father for two years. He left that apprenticeship because he had gambled away a sum of \$1,000 which his father had entrusted to him to pay workmen, and went to Amoy. Later he returned to Hong Kong but never again assisted his father in any shape or form.

MAH JONG GAME

He was never a partner in the firm of Lu Foo Kee and he never at any time told So Lo-chai or anybody else that he was. He first met So Lo-chai sometime about the end of July last year, and So introduced him to Wong Yan in a tea-house. Later, at an opium den, where he met So, it was suggested that he should take part in a game of mah jong. They went to the Lee Tai and played there.

This was the beginning of a spell of gambling in which he indulged heavily. He always lost and by about the end of the Chinese Year he had lost about

\$5,000. Of this sum, he owed So about \$650 and Wong Yan about \$4,000.

They first began to press him for payment about Chinese New Year, said witness. On the 13th day of the first moon he met a crowd of people in Dundas Street, close to his father's house. Among these were Wong Yan, So Lo-chai and about a dozen people who had gambled regularly with him.

Wong Yan gave him a couple of blows on the chest, witness said, demanding "When are you going to pay me?" He was then pushed up to the second floor of No. 1 Shantung Street. There Wong Shing produced four documents and Wong Yan said: "You must sign all these documents, since you owe me so much in gambling."

THREAT WITH CHOPPER

When defendant demurred, Wong Shing said: "My father has been stealing and has been in prison for debts. He is a person who will do anything. If you will not sign he might do anything."

Witness said that So Lo-chai went into the kitchen and came out with a chopper. He said: "Are you going to sign it? If you don't one of us must die." Witness thereupon signed the documents without having first looked through them. He was also ordered to put the words "inspected and found correct" on the documents. Wong said he would present the documents to Lu Foo and demand payment.

Further on in his evidence, Lu Kam-tin said that during the period December 31 to January 12 the Tung Yick went to the scene of the Mau Lee on one occasion at night time.

Mr. Marton: It is alleged by So Lo-chai that on every day from November 16 to December 14 the two earth junks which were working at the salvage of the Mau Lee were towed from the Mau Lee to Yau-mai every night on your instructions?—No. "It is further alleged that from December 30 to January 12 you personally ordered the Tung Yick to stand by the junk which was watching the anchors at a price of \$30 per day or \$45 per day and night?—No. Cross-examination was reserved, and after a woman witness had been called, the case was adjourned till July 13 at 2.30 p.m.

MACAO RACE MEETING

Special Sailing Schedule

We have been advised by the Secretary of the Macao Jockey Club that special arrangements have been made for the comfort of those race enthusiasts intending to make the trip to the Portuguese Colony for the meeting on Sunday which, incidentally, is the last meeting for the first half of the season.

The s.s. Taishan will leave Hong Kong at 9.30 a.m. on Sunday and will return from Macao at 3 a.m. instead of 6 p.m. as usual.

This arrangement has been made necessary owing to the present regulations governing the times of arrival of steamers in Hong Kong, but the Steamboat Company has announced that meals at reduced rates will be provided on board while special attention has also been devoted to sleeping accommodation. There will also be dancing on board on Sunday night.

The Taishan will arrive in Hong Kong shortly after 6 a.m. on Monday so that office hours can still be strictly adhered to by those making the trip.

THE GERMAN Government has made representations to the Government of Brazil concerning newspaper allegations that German money and influence was behind the recent attempt to overthrow President Vargas.

100 NEW DECREES IN FRANCE

Paris, June 29. More than 100 new decrees which were published this morning in the official Gazette provide the principal topic of discussion in political and financial circles. The most important of the decrees provides for a change in the constitution of the Bank of France enabling it to carry on "open market" policy.

The bank is thus empowered to buy and sell trade bills and short term treasury notes directly in order to give the market a greater possibility and at the same time to prevent frequent and sudden changes in the interest and discount rates.

Further decrees include several designed to improve the financial situation of the municipal and provincial administration. Considerable attention is attracted by the decree for reorganization of the Surete Nationale or the French Secret Police. Provision is made for the increasing of personnel in the department for controlling the activities of foreigners. (Transocean).

NOW IT IS OPIUM

IT HAS BEEN ASSERTED time and time again by the many spokesmen for Japan that the war now being waged in China is being carried out with but one object in view, namely to bring about the salvation of the Chinese people and to put East Asia in a state of orderliness never before known.

That is, of course, only the Japanese point of view. There are many other views on the matter, each one differing from the Japanese opinion, for try as they may, the Japanese propagandists have not been able to convince the world of their good intentions.

It is an open secret that for many years the Japanese have been responsible for almost all the narcotic trade in China and since the hostilities began, just a few days under a year ago, this traffic has been increased almost tenfold. It is estimated that in Shanghai alone between two and three tons of opium have been smuggled into that city since the military operations on the China coast were begun. The greater part of this contraband is from Tientsin, Dairen and Jehol while some of it comes from as far away as Persia where the Japanese have their agents.

THE CUSTOMS authorities have seized about \$1,000,000 worth of the opium that has been brought into Shanghai but since the Chinese Customs are prevented from functioning in the Yangtseopoo and Honankew sections of the harbour, the Japanese have been able to land their cargo at will, and amongst the goods brought ashore have been vast quantities of opium. A general estimate reveals that for every ounce seized at least five ounces reach dealers and consumers, and one of the greatest sensations on the opium and narcotic fronts was the disclosure of undisputed evidence that the Japanese Army in Nanking is selling opium to the public through its so-called "special service department."

And so we see the position as it stands today. The Japanese war lords feel confident that they will be able to finish off the war in a short period. They talk about beating China thoroughly into subjection and some of them even talk about overthrowing the Chiang Kai-shek regime.

Then on the top of all this confidence we see that the Japanese are trying to go about their "holy war" in another way—saturating the country with opium in the hope that China's fighting strength will suffer as a result.

But this treachery is doomed to failure, for the Chinese now wise to the slyness of the Japanese, will not fall into the trap. There will, no doubt be a handful of hardened addicts who will gladly seize the opportunity to lay in a liberal supply of opium or whatever drug the Japanese may be offering, but this section of the people are of no use to the country and whether they take opium or not will not affect the Chinese fighting services or the trend of the war.

The Japanese are stopping at nothing in order to gain their objective but try how they may they will encounter resistance everywhere they go. China has done splendidly for a year, fighting against a country with superior weapons of war. China can continue this war of resistance indefinitely and it is because the Japanese realise it that they are now fighting like an army out of hand—a sure sign of the weakening of the spirit or more.

Patriotic Donations From Overseas Chinese

Patriotic donations from overseas Chinese in the United States are expected to reach the \$20,000, 000 mark before the end of the current year, according to a letter received by local Chinese circles from Mr. Yu, member of the National Relief Commission, now on a world tour, states Central News.

Mr. Chao states that he has experienced no difficulty in soliciting donations from overseas Chinese, who are extremely patriotic and generous in rendering aid to the home country.

Prior to his arrival in the United States, a total of \$8,000,000, according to Mr. Chao, had already been raised by the Chinese there. This amount has been considerably augmented since his arrival.

The overseas Chinese in Canada, Mr. Chao says, have also made generous donations. A total of \$2,500,000 has so far been raised.

KIATING RALLIES TO CHINA'S HELP

Country's War Of Resistance Must Go On

(FROM OUR OWN CORRESPONDENT)

Kiating, seat of Loshan District Government in south Szechuen up the Minkiang River, one of the sources of Yangtse, is this day joining the great patriotic movement, throughout China for renewed determination against enemy aggression.

The Japanese invasion of China, despite fully a year's effort, thus far has shown no sign of success, in the opinion of the Chinese and the world at large; but instead, as believed by the people in interior China, represented by the citizens of Kiating, it has morally, politically, and economically weakened Japan but spiritually and internationally strengthened China.

Adding to patriotic gatherings of local organizations, display of posters, collection of funds and articles for the comfort of the men on the front, is the aid now being offered to the local demonstrations by the presence in Kiating of the faculty and student body of Wuhan University from Hankow, consisting of some 125 teachers and 800 students, who have just been transferred here in order to relieve the congestion at the central port city and allow a freer hand to the military authorities in the defence of middle Yangtse.

Teachers of Wuhan University have been delivering a series of lectures in the Chungshan Hall, on Friday afternoons, on air defence, public health, and other practical subjects, while students have been touring adjacent villages and towns to enlighten the farming populace on the present national situation. Local primary pupils have recently contributed much to the war chest.

NATIVE NEWSPRINT

Kiating like many other cities in Szechuen, has well-paved streets and electric light, trees lining the principal side-walks, and is self-containing in a way as Loshanhsien proper, in the midst of a section of territory where coal, metal, agricultural and forest products are plentiful, not mentioning fish, something rare inland but abundant here from the Minkiang.

Kiating has 18 silk factories and many others, but the eyes of Szechuen and China, for that matter, are on its paper establishments, one of which is turning out fairly good newsprint. Most of the Chengtu and Chungking publications are beginning to use newsprint from the Lishan Paper Mill, which is now having in its Kiating office a staff of experts, formerly of Shanghai but now with headquarters in Chungking, designing plans for increased production according to local supply of raw materials, part of which is straw and bamboo.

CHILD WELFARE

Kiating is paying particular attention to the interest of children and primary schools may be found in all precincts of the city. In Chungshan Park, the recreation centre of Kiating a children's library and a children's playground are especially reserved for the youngsters, besides a kindergarten housed in a model building with its own courtyard. The main auditorium and the parade ground in the park are also open to children.

NO PUBLICATIONS

People in Loshan and Kiating are not yet served by any daily newspapers of their own, but Chengtu publications in the morning reach Kiating in the afternoon by bus and twice a week the China National Aviation Corporation operate a round-trip service between this city and Chungking, while steamers are going out and coming in daily. Kiating hotels are being heavily taxed these days by more and more arrivals from Hankow and other Yangtze ports.

MISSIONARY HELPERS

Some 20 European missionaries are found around the Loshan area, including Catholics who are doing very good work among the people in medical as well as religious service. Travelling along the highways in Szechuen, Catholic chapels may be seen here and there in considerable numbers. There are some 12 or more Protestant missionaries at work in educational, medical, and evangelistic activities.

Among the active missionary workers in Kiating are the Rev. and Mrs. H. McIntyre, of the China Inland Mission, who are supervising extensive enterprises being carried on by native helpers. Dr. and Mrs. R. Hayward, the Rev. and Mrs. L. Bacon, Miss Ruth Swann, and Mrs. Hocking, of the Canadian Methodists, are undertaking hospital, school, and other general Church work.

Hello & Goodbye

—BY A. W. HYER—

A fine state of affairs, indeed.

Someone wound up all the boats and let them loose one after another, they didn't even count ten in between either.

Going places and seeing things are Mr. and Mrs. Public and the Little Public.

But we fooled you all. We have a "lovely new pair of pale pink water-wings." You can't get out that harbour my "Pretties" without our inspection.

M. V. Bolisevain

DELVING INTO THE very person—al life of this beautiful ship we found her carrying a contingent of beasts from South Africa, which we were not introduced to before she sailed for Shanghai.

Twenty sheep and thirty-two buffaloes—their jumping off place being Manila.

Dr. Gonzales, the possessor, at tempted to tranship his animals at Singapore, as the "Bolisevain" only calls at Manila on her return voyage to Europe, but no success.

Arriving in Hong Kong, there were no facilities for transshipping. You can't use lighters, cranes, or runways for such baggage at buoys or Kowloon wharf, consequently, they all decided to take a look see at Shanghai.

The four legged cargo returned to the Colony on the "Bolisevain," Tuesday, and are staying in a hatch on said ship at Talkoo dock until July 11, at which date they will sail for Manila, their future home.

Conte Rosso

COMPLETELY rejuvenated and all dressed up in a new summer outfit, Lloyd Triestino's Conte Rosso sailed for Naples, Tuesday, 10 p.m.

A very small passenger list and little cargo went with her, reason being she was dismissed from the Kowloon Docks ahead of schedule.

The Mother Superior of Canossa Convent, a passenger en route to Italy will have three interesting travelling companions, Father Joy, Father Turner and Father Howat, all of the Jesuit Mission, here.

The Conte Rosso's departure was very unusual, no gayety, bustle or boisterous goodbyes. She slipped away from the pier in hushed dignity. Next trip when she takes her regular place in the schedule all will be laughter, flowers, merriment and excitement.

Anna Maersk

THE FLAGSHIP OF THE Maersk Line departed for U.S.A. via Shanghai, Monday, 7 p.m., with a full passenger list, and so much cargo she could hardly waddle.

Dr. and Mrs. J. H. McKean who are in charge of the leper hospital at Chiangnai, Siam, were on their way to California and home.

Fifteen months of vacation they are going to use, travelling up and down the west coast of America, then crossing the continent to sail from New York to Bangkok, via the Suez, for another five years of service to mankind in the Presbyterian Mission Leper Hospital at Chiangnai.

Dr. McKean inherited his ability, desire and understanding from his father, who founded the leper hospital and colony on this island. Many years ago, Dr. McKean, senior, was given this small island by the Siam government for leper work. Today, carrying on this work, his son has 450 patients, who through finances from the Siam government, American and other people and organizations, are being cared for and helped back to health.

The attractive Mrs. McKean, a graduate nurse, is also active in the hospital work, besides the big job of taking care of her husband's welfare.

Our best wishes for a completely happy and gay vacation for the two of you.

Imperial Airways

LAST MONDAY A VERY beautiful a.m. to go flying off to Bangkok.

Captain J. L. White (was away like a flash, according to Mr. Watts) departed on the dot 6 a.m. in the "Della" with three customers, all bound for London-town.

Via the S.S. Scharnhorst from Shanghai, a very handsome Mr. E. J. Sauerland of the German United Works of Amsterdam, arrived to take passage on the "Della."

Attired in shorts, sport shirt and coat, carrying a sun helmet Mr. Sauerland would have made any girl's heart flutter. He will be away from his Shanghai office one month, returning via Imperial Airways—and it is all a business trip.

Mr. Eric Grimble, ship broker and Number one at Grimbles and Company in the Colony was quite keyed-up over the prospect of again visiting with his children. The outstanding event of his trip

will be the graduation from school of his nineteen year old son, which he will attend.

Mr. Grimble is thoroughly sold on air travel and hopes next year to call at Honolulu via the Clipper. We hope your visit and trip will be highly satisfactory, and we will be on hand at Kai Tak next month to say "hello and Welcome Home."

President Coolidge

TUESDAY, 7.20 A.M. ALL holding ropes were tied, the President Coolidge was in from Manila, full passenger list, and all of them complaining about that Manila heat!

Mr. F. B. Reese who will sell you a Ford anytime in Manila, is making a short call in the Colony.

His many friends were glad to see this busy gentleman again. The occasion for his visit, however, was to meet the charming Mrs. Reese, his wife, who arrived in the harbour on the Terukuni Maru an hour or so before her husband on the President Coolidge.

Mrs. Reese has been spending a vacation in Batavia. Together these delightful people will return to their home in Manila via the Empress of Russia, today.

Anxious to join his family after a very enjoyable trip was Mr. P. H. Southard, son of the American Consul General here in Hong Kong, Mr. A. E. Southard, who arrived on the President Coolidge.

No more school for several months. Mr. Southard will relax and enjoy a vacation after his work of the past year at Menlo School for Boys in California.

Another passenger from San Francisco was Mr. James Epsy. This gentleman will proceed to Canton where he will take up his work in the American Consular service.

Terukuni Maru

BOUND FOR SHANGHAI and Japan sailed N.Y.K.'s very comfortable, spick and span Terukuni Maru, 7 p.m. Tuesday.

Returning home to Tokyo was Professor A. F. Thomas, Mrs. Thomas and their two attractive young sons.

Six months of lectures, debates, questions and answers in Europe and New York have given Professor Thomas a concrete picture of world affairs and the thoughts and feelings of countries and peoples in regard to the present situation in the Far East.

Professor Thomas, who has spent twelve years in Japan, teaching and working, believes the present difficulties between China and Japan will close by the end of the autumn.

After a delightful trip which has proved both interesting and amusing, he and his family are glad to be headed for their home in Japan.

Away for a month on business and pleasure were Mr. and Mrs. W. E. Grimm (That Mr. King's calls Mr. Grimm, "Peter") of the Colony, via the Terukuni Maru.

Manager for the Calif-Asta, Ltd., Mr. Grimm will inspect business conditions throughout Japan with a view to increasing exports and imports in the future.

Mrs. Grimm, attired in a piny crepe dress, large white brimmed hat and accessories of white, waved a fan in an attempt to keep cool. She was glad to be escaping the coming hot days next month and, expected to enjoy the sea voyage of ten days, thoroughly.

CHANGES IN ANTI-AIRCRAFT DEFENCE ANNOUNCED

Territorial Personnel To Be Doubled

London, June 29. Important changes in anti-aircraft defence organisation, including the doubling of the Territorial anti-aircraft personnel, were announced in the Commons yesterday afternoon by the War Secretary, Mr. Leslie Hore-Belisha.

Replying to a question, Mr. Hore-Belisha made the following statement: "In 1935, entire responsibility for anti-aircraft defence at home was vested in the Territorial Army. At that time, the actual strength of air defence formations in the Territorial Army was under 2,000 all ranks."

On January 1, 1936, the 1st Anti-Aircraft Division was formed. Its strength at the beginning of 1936 was 3,200 all ranks. By the beginning of January, 1937 the 2nd Anti-Aircraft Division was formed, its strength being just under 7,000. By the present month of this year, the total strength of the two divisions had risen to 43,000.

FIVE DIVISIONS
"It is now proposed to more than to double this figure. Existing territorial anti-aircraft units, with the addition of others about to be created, will be formed into five divisions instead of two."

These five divisions will be under a Corps Commander with the rank of Lieutenant-General. The Corps Commander will be responsible for training, and administration. He will be responsible to the Air Officer Commanding, Higher Command for Operations.

AT WAR OFFICE
At the War Office, an officer with the status of Deputy Chief of the Imperial General Staff and with the rank of Lieutenant-General, to be designated Deputy Chief of the Imperial General Staff, Anti-Aircraft Defence, will be appointed.

He will be responsible, through the Chief of the Imperial General Staff, to the Secretary of State, for anti-aircraft defence and he will devote his whole time to this important service.

Under the Deputy Chief of the Imperial General Staff, Anti-Aircraft Defence, a new Director of Anti-Aircraft Training and Organisation, with the rank of Major-General will be appointed.

"The purpose of the reorganisation which I have outlined is to secure that undivided attention may be given to every aspect and detail of anti-aircraft defence." (British Wireless).

SILVER JUBILEE OF REV. FATHER L.M. ROSSI

Illuminated Address Presented

An atmosphere of festivity permeated the grounds of the Rosary Church yesterday when the Silver Jubilee of the accession to the Priesthood of the Reverend Father Luigi Maria Rossi was celebrated by his many parishioners.

Father Rossi, yet hale and hearty after twenty-five years of strenuous service ministering to his flock, was present to receive the congratulations and the applause of his many friends.

An illuminated address had been prepared by Mr. M. F. Baptista, a beautiful and artistic piece of work in several colours. In Gothic script, and reminiscent of the mediaeval, it was a work of great skill worthy of presentation to such a noble receiver.

Before presentation of the scroll to Father Rossi, it was read to the assembled parishioners by Mr. J. M. Graca. It read:

Dearest and Reverend Father, We, your Parishioners and Friends, offer you—our revered and worthy Pastor—our sincerest felicitations on the occasion of your Silver Jubilee in the Priesthood, and congratulate you on the accomplishment of a quarter of a century in the service of God in the Mission field of China.

It is superfluous to enumerate the successive and important trusts which your superiors have placed in you during this long period of your Apostolate, culminating in your appointment as Rector of this Parish, or to dilate on the distinction with which you have filled these onerous posts. Suffice it to say that during your sojourn here in our midst you have endeared yourself to us all by your ever ready service, sympathetic help, kindly disposition, impartiality and integrity.

We pray Almighty God to bless all your enterprises, solace you in all your trials and grant you a long and happy life in His service.

In conclusion, we gratefully acknowledge the unstinted and devoted service you have rendered us, and ask you to accept this purse as a small token of our love and esteem.

FATHER ROSSI'S REPLY
Father Rossi, replying to this address, thanked the many people who were present. He said, "I would have absented myself from this celebration had I not realised that all this honour is being done, not for me individually, but rather for Him, Whom I represent; for in honouring the Pastor, you are honouring the Eternal Pastor—Our Divine Exemplar, Jesus Christ Himself, whose Priesthood I share."

After the presentation had been made refreshments were served in the Church grounds.

TRIO RECITAL AT ST. MARY'S CHURCH
A Trio Recital with the Hammond Organ was given at St. Mary's Church, Causeway Bay, yesterday in aid of the Church Organ Fund. About ninety people were present.

The trio of artists who gave the concert were Miss Prue Lewis, Mr. Ettore Pellegatti, and Mr. Lindsay Lafford. They performed respectively on the violin, the cello, and the organ.

The music offered was new to most of the audience, the programme having seldom, if ever, in the past been offered in the Colony. The staging, the church hall, must have had quite a disquietening effect on such of the audience who would require scenic effect to place them into that semi-trance which minds nothing other than the music.

The programme:—
1. Trio in C major (Mozart); Allegro, Andante Cantabile, Allegro.
2. (a) Fuge (Tartini-Kreisler); Prue Lewis; (b) Trio Sonata in B minor (Bach); Lindsay Lafford; (c) Largo (Veracini); Ettore Pellegatti.
3. Dumky Trio (Dvorak); Lento Maestoso, Andante, Tempo di Marcia, Allegro.

JAPANESE ADMIT SLAYING OF BISHOP

Peking, June 29. It is now admitted, according to authoritative sources, that Japanese soldiers were responsible for the deaths of the Dutch Bishop Mgr. Schraven, and eight Catholic priests, who were killed at Chengtzu in October.

The admission is stated to have been made in an exchange of notes between the Japanese and French authorities here.

No details have been issued regarding the settlement of the case but it is understood that the terms include the erection by the Japanese army of a monument near the scene of the tragedy, bearing Chinese characters expressing the regret of the Japanese Army. (Reuter).

Chengchow Swarming With Refugees

Chengchow, June 29. Chengchow, important junction of the Lunghai Railway and the Peking-Hankow Railway, is crowded with flood refugees.

Streams of people continue to arrive from Kaileng, Chungmow and other points along the Lunghai Railway. Changyuan, Fengchu, Anyang, Wellwei, Wenhsien and Menghsien, on the north bank of the Yellow River, and flooded districts in east Honan. "Hungry" and haggard, these victims of war and flood are swarming the streets. Most of them sleep at street corners at night.

The authorities are devising measures for their relief. (Central News).

Hon. Mr. T. H. King, Messrs. H. R. B. Hancock, D. M. Biggar, E. C. Fredericks, and many others.

Speaking on behalf of the management of the Bowling Alleys, Mr. C. Champkin said it was his privilege to thank His Excellency for so kindly coming to "well and truly roll the first ball." He then asked His Excellency to accept a blackwood ball and stand, suitably inscribed, as a souvenir of the occasion.

His Excellency replied briefly and after thanking the management for the delightful souvenir asked the gathering to "turn their backs" while he rolled the first ball. His Excellency was given a very hearty round of applause when he sent down a "good ball."

LADIES' DAY

The alleys having been officially opened a friendly match was soon in progress while one alley was kept open for anyone who wanted to try his hand at the game. The Alleys will be opened to the public as from 7.30 p.m. today and indications are that it will prove one of the greatest attractions in the Colony. Already a number of people who never before have played that game are now confirmed enthusiasts of "skittles"—or Duck Pins.

Dollar Line 559 v. Chase Bank 406;
National City Bank 642 v. Freebooters 594;

Dollar Line won with 1,800 points.

SECOND TEST REFLECTIONS

London, June 29.

Press opinion on the Second Test is that a declaration of perhaps half-an-hour earlier and England would have won but the risk was too great.

Hobbs does not think Australia is beatable in four days unless England get a great advantage from the weather.

The Australian Board of Control, considering the second draw greatly strengthened their argument

Poison Plot Revealed

ATTEMPT TO MURDER SOVIET CHIEF

SENSATION IN MOSCOW

Paris, June 29. The Paris Midi announced today that reports concerning the discovery of an extensive conspiracy against the Soviet Russian GPU Chief, M. Yeshav, have been confirmed. M. Yeshav's enemies, the paper continues, had persuaded his Lithuanian cook, Flakaitis, to murder his master by poisoning his food, but when the attempt was discovered M. Yeshav immediately effected the arrest of a number of his personal servants.

The incident has caused a great sensation in Moscow, according to the paper, and it is not yet known definitely whether the attempt was motivated by political considerations or by personal reasons.

Numerous high functionaries of the GPU have also been arrested and imprisoned in the central jail of the GPU. The prisoners will not be tried in the usual Court but by a special committee presided over by M. Yeshav.

Amongst those arrested, numbering more than twelve, are the Chief of the Counter-Espionage Department, M. Cherbakov—who is stated to have handed the poison to the cook and M. Yeshav's right hand-man, Commissar Brodsk. (Transocean).

PALESTINE EXECUTION IMPASSE

Jerusalem, June 29.

It is learned from a reliable source that the Rabbi of Haifa, who had been asked to attend to the last spiritual needs of Jakob Josef, whose execution is scheduled to take place today has refused to perform this duty on the plea that the day is a Jewish festival.

It is feared that if Jakob Josef is executed without receiving a visit from the Rabbi, there will be an outbreak of disturbances among the Jewish section of the population. (Transocean).

Jerusalem, June 29.

The curfew was proclaimed from 8 p.m. last night following day-long demonstrations against the death sentence passed by the military court at Haifa on a young Jew.

A British constable and three Jews, including a woman, were slightly injured during a demonstration in the evening when police charged with batons to disperse the crowd. (Reuter).

The planes, however, dropped a number of bombs on a village 15 miles from Valencia where the British and American Consuls live. (Reuter Bulletin).

GERMAN ENVOY'S RECALL

Chinese Circles

Belief

Hankow, June 29.

Chinese circles express the belief that Germany's decision to recall the Ambassador, Dr. Trautmann, is apparently an "attempt to seek Japanese co-operation in the event of a European war," when interviewed by Reuter's correspondent today.

They point out that Germany's action, while said to have been taken primarily on account of European developments, now affects the Far Eastern situation. Legally, it is pointed out, the advisers' contracts with the Chinese Government concern the advisers individually and the German Government has no right to interfere.

Nevertheless, the Chinese Government is doing everything in its power to make concessions, agreeing in principle, with the withdrawal of all advisers in view of the traditional Sino-German friendship.

The German advisers did not leave by yesterday's "international train" but will leave in one group. It is understood. (Reuter).

Sian Prepares For First Lukouchiao Anniversary

Sian, June 29.

At a meeting of various public organisations this morning, it was decided that a mammoth demonstration will be held here on July 7 to commemorate the first anniversary of the Lukouchiao "incident" which precipitated the Sino-Japanese war.

At the same time, it was decided, a ceremony will be held for laying the foundation of a monument in memory of the officers and men who have given their lives for their country at the front.

On that day, the entire people of Sian, it was further decided, shall take a vegetarian diet and abstain from eating meat. The money saved will be used for "comforting" the soldiers at the front.

Already preparations are proceeding apace for ensuring the observation of the "Double Seventh" memorable one. (Central News).

CRAIGENGOWER SURPRISINGLY BEATEN BY K.B.G.C.

E. LINES AND JOE MEYER PLAY WELL TO GIVE AUSTIN ROAD TEAM POINTS

LEAGUE GAMES AND OPEN CHAMPIONSHIP TIES DECIDED DURING WEEK

By B. R. Swiller

Craigengower suffered their second successive defeat when they lost to Kowloon Bowling Green last Saturday. Playing at home, the latter had E. W. Lines chiefly and, to some extent, J. G. Meyer to thank for their victory by 22 shots. Lines played a great game to have the better of U. M. Omar by 20 shots. He was given all the support he needed by his men. His 30 shots were scored on 14 heads and included a five and four three.

Meyer was ahead of B. W. Bradbury all the way through the game and ended with the scores at 21-17. R. Bass was the only Craigengower skip to be successful in his match. Although he was down by 12 shots to 14 on the 15th head, he scored nine on the remaining heads to beat R. Duncan by two shots.

This fine victory over Craigengower puts the Kowloon Bowling Green on the map, as it were, as their prospect of winning the championship must now be regarded as quite bright. They have scored the same number of points as Craigengower and the Kowloon Cricket Club and together with them (C.C.C. and K.C.C.) are now second in the Table, with Reccelo four points ahead.

F. X. M. da Silva has put Club de Reccelo still further in his debt, as it was entirely his fine win of 15 shots over J. Hyde that enabled the Portuguese to beat Kowloon C.C. by 13 shots. Silva and his men played very well. J. E. Noronha again proving his worth to the side by laying the foundation for a win on many heads. On one head Silva scored a seven.

Incidentally, Silva has maintained his 100 per cent record. H. A. Alves tied with E. Kern at 17 all and R. P. Luz, the other Portuguese skip, lost to E. C. Fincher by two shots. This win enabled Fincher to maintain his unbeaten record.

C.S.C.C. WIN

The Civil Service C.C. registered their first win of the season by beating the Police on their own green by 13 shots also. It was generally expected that the Police would win this match as the Civil Servants, apart from a tie last week with the K.B.G.C., had not won a single match.

But they turned the tables on their neighbours and won quite comfortably. Both G. H. Sherriff and J. Hollidge, of the C.S.C.C., won their matches. The former got the better of A. E. Carey by 10 shots, and the latter beat W.

Mair by four shots. S. Randle was beaten by E. G. Post by one shot.

INDIANS SWAMPED

The Indians had a bad day last Saturday. In spite of the reshuffling of their rinks, they lost to the Kowloon Dock (weakened by the absence of J. McKelvie, J. Revic and H. Cooper) by 27 shots on the latter's green. Credit for this big win goes to F. Cullen who beat E. el Arculli by 32 shots to six. A. R. Minu was the best man in Arculli's rink and gave T. Coleman some opposition. A. K. Minu was leading S. Gray practically through the whole game, but on the 20th head the latter drew level at 14 all. On the last head Gray scored one to beat Minu by 15-14. A. R. Dallah, on the other hand, kept trailing behind J. Brown, but a three on the last head enable him to tie the scores at 21 all. Both Brown and V. Ramsay, his No. 3, played well.

SECOND DIVISION

Playing at home, Craigengower ran away with a 45 shot victory over the Kowloon Bowling Green in the Second Division, thus deriving a measure of satisfaction for the defeat sustained by their first team. All the Craigengower skips were up. J. Cavanagh being credited with the biggest win in beating G. Thompson by 23 shots. Both M. A. R. Souza and W. K. Way of the C.C.C. beat W. S. Drake and T. Armstrong by 16 and six shots respectively.

Reccelo, playing on their opponents' green, also registered a big win in beating the Civil Service C.C. by 30 shots. F. X. Soares and his men played well to beat J. Cook's rink by 31 shots to 15. The

former is still heading the Skips' Table for the Second Division. J. J. Basto also recorded a big win in beating W. Cullip by 23 shots to nine and B. Basto the other Portuguese skip had the better of W. R. Hillier by one shot.

"A" TEAM WINS

The Hong Kong Football Club "A" Team unexpectedly beat their "B" Team by the huge margin of 33 shots. J. Roger playing for the "A" Team beat J. A. R. Selby by 21 shots and W. Gill had the better of F. W. Haynes by 13 shots. A Brooksbank was the only "A" skip to lose, E. Tuck beating him by one shot.

The Talkoo R.C. playing at home unexpectedly beat the Police by seven shots. This narrow win for Talkoo was made possible solely through T. F. Stainton's effort who beat W. Glendinning by seven shots. Though D. Munro beat F. E. Booked by 15 shots to 14, his win of one shot just counterbalanced the defeat, by the same margin, sustained by R. Keown in his match against G. Moss.

K.F.C. WIN AGAIN

The Kowloon Football Club, leaders in the Third Division, maintained their 100 per cent record, with an away win over the Kowloon Tong R.C. by the narrow margin of four shots. The hero of this match, which ended in a most thrilling manner, was R. Hall. When he went down to bowl on the last head, the Kowloon Football Club were actually down by three shots. Though J. Gibson of the K.F.C. had beaten H. Gittins by three shots, T. Fergusson was 15 shots in arrears in his match.

POSTPONEMENT OF FIGHT

New York, June 29.

It is officially announced that the title fight for the lightweight boxing championship between Lou Ambers (holder) and Henry Armstrong, the welterweight and featherweight champion of the world, has been postponed till August 10. Ambers bruised his hand in a recent contest and requested a postponement.

The fight will take place on the Polo Grounds instead of on the Long Island Bowl, to which both managers objected, contending that it is too far from Harlem.

On the other hand, the Polo Grounds are on the edge of Harlem, in easy access to the great negro population.—(Reuter).

According to a message from Shanghai, the Yokohama Specie Bank there has refused to cash one of its own drafts for 50 yen for Shanghai Dollars. The explanation offered by officials of the bank was that they were only able to pay out yen minus the bank's commission.

An interesting talk was given at the press conference in Hankow recently by a traveller newly arrived from Tientsin. The speaker gave a vivid account of the changed conditions in Shantung since the Japanese occupation which, to state it mildly, reflect considerable discredit to the invaders who, in spite of some months of occupation, hold very little territory beyond the railway areas and the highway linking Linzi and Kiangsu; even these being subjected to frequent raids by the guerrillas.

SEA MAY DIVULGE NEW FACTS

ABOUT KINGSFORD-SMITH'S DEATH

Aeroplane wreckage found on the Burmese coast in May, 1937, has been positively identified as part of the late Sir Charles Kingsford-Smith's machine. The Burmese authorities are continuing the search for the remainder.

Sir Charles Kingsford-Smith disappeared while on a record-breaking flight from England to Australia in November, 1935.

The report of the Burmese civil aviation authorities, disclosed that the Lockheed Aircraft Corporation of Los Angeles, had identified markings on the Oleo cylinder of the salvaged undercarriage. The marks were those on the Lockheed Altair machine flown by Sir Charles Kingsford-Smith.

The wreckage, which was found on the southern bank of Aye Island, consisted of an aircraft wheel, attached to portion of the undercarriage.

Examination of the shellfish and marine growths on the wreckage indicated that the remainder would probably be found at the bottom of the sea at a depth not exceeding 15 fathoms, close to where the salvaged material was found.

Examination of the marine growths had been carried out by the zoological department of Rangoon University.

LAWN BOWLS NOTES

(Continued from Page 10)

against A. Spary. On the 20th head, Hall had scored 21 shots to A. H. Basto's 12, and the K.F.C. were consequently, three shots down. Basto was lying on the last head, when with his first wood, Hall took the shot away to give the Footbawlers a count of six. Overawed perhaps by the occasion, Basto failed to save with his last wood and Hall was able to add another shot to bring the count to 7, thus giving the Kowloon Footbawlers a brilliant win by four shots. But it was a very close shave for the Footbawlers.

The Craigengower Third Team beat the Kowloon C.C. by 32 shots at Happy Valley. All Craigengower skips did well, S. Lillierap having the biggest margin of victory in beating J. Brown, by 29 shots to nine.

Hong Kong Football Club sprang a surprise on the strong Hong Kong Electric team and narrowly beat them at home by four shots. V. Walker beat J. F. Lunney by five shots and F. Glover beat W. Muskett by one; but J. Skinner lost to L. de Rome by two shots.

RINKS COMPETITION

A match in the third round of the Rinks Championship between A. E. Carey's rink (McLeod, Cameron and E. G. Post) and A. R. Minu's (J. Hoosen, S. M. Rumjahn and E. el Arculli) played on the Hong Kong Football Club green on Sunday saw a thrilling finish. The match was very even and it could have been anybody's game right until the last wood. Post played well and on many occasions proved a thorn in Minu's side. Cameron also gave Carey good support. Arculli who was to have skipped was probably feeling a bit under the weather and wisely decided to play No. 3 to Minu instead. Minu played well, but had little help from his men with the exception perhaps of Rumjahn. Carey all but ruined his chances of winning through being over-anxious on the 20th head when he was lying three shots with a possible measure for the fourth. In his attempt to add another shot he was unnecessarily heavy with his last wood and took the jack back to give Minu the second shot and take the score to 15-17 in the latter's favour. On the next head Carey scored two shots to tie at 17-all. On the extra head played, J. Hoosen's second wood was right on the jack but Cameron took it away to tie the shot himself.

When the skips went down to bowl, Minu had four shots against him, but he failed to draw and Carey, having in the meanwhile put in one more shot, was credited with a count of five on that head to beat Minu by 22-17. It was a fine game, and worth going a long distance to see.

C.C.C. RINK BEATEN

A strong Craigengower rink, comprising A. Gomes, A. A. Razack, A. M. Omar and U. M. Omar, were surprisingly eliminated by a Portuguese rink of F. Machado, C. M. Silva, J. V. Ribeiro and F. X. M. da Silva on the Kowloon Dock green. The surprise, however, does not lie in the fact that U. M. Omar's rink were beaten, but it lies rather in the ease with which Silva's four disposed of such a strong combination. So well did the Portuguese play that Omar's rink could only score on four heads for their five shots, whereas Silva's scored 31.

As I said, the Portuguese played well, but special mention must be made of C. M. Silva who excelled himself as No. 2, and easily outshone the other players.

OPEN PAIRS

Two very interesting games were witnessed on Monday in the fourth round of the Pairs Championship at Happy Valley.

C. M. Silva and F. X. Soares defeated J. Hoosen and A. R. Minu on the Craigengower green by the barest possible margin of one shot. Though the Portuguese pair led most of the way, there was never a difference of more than two shots in the scores. On the last head but one, the score was level at 13-all, but the Portuguese scored one shot on the last head to win.

CLOSE GAME

Another evenly contested match was played on the Civil Service green between E. W. Lines and R. Duncan and K. M. Omar and A. S. Gomes. Fine bowls was seen in this game, all playing very well indeed. Omar was able to hold his own against Lines, but fell off on the last head when he and Gomes needed three shots to win. Perhaps he was overawed by the occasion and was nervous and consequently his nearest wood was a yard away from the jack. Duncan scored one shot on the last head, Gomes failing to alter the position to his advantage, and won by 24-21.

INQUIRY TO BE HELD INTO LEAKAGE OF AIR DEFENCE SECRETS

London, June 29.

The refusal of the Conservative member, Mr. Duncan Sandys, to reveal the name of the person or persons from whom he received inside information regarding certain jealously-guarded secrets of British air defence is still one of the chief topics discussed by the press, and further developments are reported.

According to the Evening Standard, an inquiry ordered by the Secretary of War, Mr. Hore Bellsha has definitely established the identity of the person who supplied Mr. Sandys with the highly secret information on which the Conservative member based his criticism of the British air defence system.

IDENTITY ESTABLISHED

According to the Evening Standard, only five persons had access to the secret documents so that the authorities conducting the inquiry found it a relatively easy task to establish the identity of the person

responsible for the leakage of information.

Mr. Sandys' informant was alleged to be an officer of high rank who, so it is said, will be tried by court martial during the next few days.

The affair was discussed by the Cabinet on Tuesday and, in the afternoon, Mr. Chamberlain announced in the House of Commons that a Committee composed of ten Members of Parliament would be appointed to inquire into the affair.

The Committee, which will have full judicial powers, will probably meet in camera. (Transocean)

CHINA'S MILITARY STRENGTH

(Continued from Page 1)

local farmer and merchant to carry on and even now every effort is being made to promote exports over existing roads. Exports from southern China continue to yield revenue in foreign exchange.

Solidarity extends also to the mass of the people, the peasant and coolie. A patient race, they are also a proud and stubborn one, whose resistance and self-sacrifice, once roused, are capable of withstanding Japanese religious patriotism.

And these qualities have been roused by a number of agencies: air raids and refugees, widespread movements of troops, and highly efficient Kuomintang propaganda. The contest from the economic point of view, is one between China's powers of cohesion and resistance and Japanese economic strength.

Japan maintains in China, over a front of a thousand miles and covering a territory of several hundred thousand square miles, an army of about half a million men, besides at least 350,000 first-line troops in Manchuria.

LONG-TERM INVESTMENTS

Her invasion is equivalent to the export on long-term investment of considerable sums; and she had already, between 1931 and 1937, been weakened by large capital exports to Manchukuo, where she invested about £120,000,000 in railways and heavy industries.

The uniform every Japanese soldier in China is wearing out represents a long-term investment in a foreign country. Yet it has to be paid for from current income, from exports, or from liquidation of the slender gold reserve or foreign investments.

Here lies the essence of the present war. Only in one way can Japan benefit from it and win the co-operation of that canniest of races, the Chinese: by her ability to invest considerable capital in China. Whatever the productive and commercial possibilities of North China before she can even start developing them she has to face protracted hostilities the cost of which can only be met from exports.

PRESIDENT QUEZON

Kobe, June 29.

President Manuel Quezon and his party of nine arrived here at 8.30 this morning on board the Congo Maru. They plan to leave for Hakone tomorrow.

The Presidential party is leaving for Manila from Kobe on July 10. (Reuter).

Though Omar and Gomes went down, they can derive a measure of comfort in the fact that they acquitted themselves creditably.

The following is my forecast for Saturday's games:—
